Join us on February 19, 2017 as award-winning American historian, Dr. Robert Watson, reveals the fascinating story of one of America's most important founders. Don't miss Dr. Watson's captivating exploration of the phenomenon of the Tony Award-winning musical and his discussion of the provocative questions it raises, questions that resonate even today.

The smash Broadway musical, HAMILTON, opens with a question: "How does a bastard, an orphan,... grow up to be a hero and a scholar?"

Brilliant, ambitious, tireless, and courageous, Alexander Hamilton was a visionary whose remarkable but flawed life paralleled that of the nation he helped forge. Arguably one of the most intriguing characters in American political history, Hamilton remains an enigma.

Dr. Robert Watson is the author and editor of over 30 books on topics in American politics and history, and has published scholarly articles, book chapters and newspaper editorials. A frequent media commentator, he has been interviewed by local, national, and international print, TV, and radio outlets. Dr. Watson received his master's degree from the University of West Florida and his doctorate in public policy from Florida Atlantic University.
